

# Maine Office of Tourism Visitor Tracking Research Winter/Spring 2018 Seasonal Topline

*Prepared by*

August 2018

# Research Objectives and Methodology

---

# Research Objectives

Three distinct online surveys are used to accomplish the five primary goals of Maine’s visitor tracking research.

Research Objectives	Survey Instruments		
	National Omnibus	Overnight Visitor	Day Visitor
Identify Maine’s share of the U.S. travel market	✓		
Estimate the number of visitors who come to Maine	✓	✓	✓
Provide a profile of Maine visitors		✓	✓
Estimate the amount of spending generated by tourism in Maine		✓	✓
Determine the Maine traveler’s level of satisfaction and view of Maine		✓	✓

## Description of Survey Instruments

**National Omnibus Survey**

- Nationally representative sample of the U.S. population
- Surveyed bi-weekly

**Overnight Visitor Survey**

- Sampled from core advertising markets: New England, NJ, NY, PA, MD, DE, DC, and Canada
- Have taken an overnight trip to Maine in the last four weeks
- Surveyed monthly

**Day Visitor Survey**

- Sampled from Maine and a 100-mile radius of Maine’s borders
- Have taken a day trip in Maine greater than 50 miles from home in the last four weeks
- Surveyed monthly

# Methodology

- This report provides results from the Winter/Spring 2018 travel season, describing travel that occurred between December 1, 2017 and April 30, 2018.
- Winter data collection occurred monthly between January 2 and May 16, 2018. The number of completed surveys collected for each research component is as follows:

Research Component	Completed Winter Season Surveys
Overnight Visitor Survey	869
Day Visitor Survey	464
National Omnibus Survey	15,230

- *Statistical significance between subgroups was calculated at the 95% confidence level and is noted throughout by a/b/c/etc. or ▲▼.*

# Executive Summary

---

## 2018 Winter Visitation Estimates

The Maine tourism industry served 6.5 million visitors during the Winter of 2018

3.6 million stayed overnight

2.9 million visited for the day

# 2018 Winter Visitor Profile

## Average Age

Overnight Visitor – 38 yrs

Day Visitor – 44 yrs

## First-Time Visit

28% of overnight visitors

5% of day visitors

## Overnight Visitor Origin

47% Mid-Atlantic

43% New England

10% Canada

## Day Visitor Origin

91% U.S. (primarily MA & ME)

9% Canada

# 2018 Winter Trip Profile

## Among all Visitors: Overnight and Day

### Top Visitor Interest Areas

Food/Beverage/Culinary

Shopping

Touring/Sightseeing

Active Outdoor/Water Activities

### Top Regional Destinations

Maine Beaches Region

Maine Highlands

Downeast & Acadia

Portland/Casco Bay

Maine Lakes & Mountains

## Among Overnight Visitors

### Paid Accommodations

71% of overnight visitors stayed in paid accommodations

### Average Length of Stay

3.7 nights

# 2018 Winter Visitor Satisfaction

## Aspects of Trip Most Exceeding Visitor Expectations

Overall experience  
Friendliness of the people  
Overall quality of customer service  
Quality of dining  
Welcoming locals who make visitors feel comfortable

## Intend to Recommend Maine

94% of overnight and day visitors

## Intend to Visit in Next Two Years

78% of overnight visitors  
91% of day visitors

## Day Visitors Extending Stay

64% of day visitors likely to visit Maine in the next two years say they will “definitely stay overnight” on their next visit.

# 2018 Winter Visitor Target Segments\*

## Overnight Visitors

44% Balanced Achievers

28% Genuine Originals

6% Social Sophisticates

## Day Visitors

34% Genuine Originals

32% Balanced Achievers

5% Social Sophisticates

***\*Sum of target segment proportions will not total 100%.  
The difference is comprised of visitors from non-target segments.***

# 2018 Winter Season Travel Context

---

# The relative cost to travel (Travel Price Index) continues to rise.

- The Winter season showed a year-over-year increase in both the average TPI and CPI.

Data Sources: CPI figures are from the US Bureau of Labor Statistics. TPI figures are from the US Travel Association.

# Temperatures in Maine during the Winter 2018 season varied from the 20-year average – some months above and some months below.

2018 Winter Season  
(Dec 2017 – Apr 2018)

- This winter season brought lower than average temperatures in December and April, and higher than average temperatures in February and March.

Data source: National Oceanic and Atmospheric Administration, U.S. Department of Commerce

# Precipitation in Maine was above the 20-year average in January and April, and slightly below average in December and March.

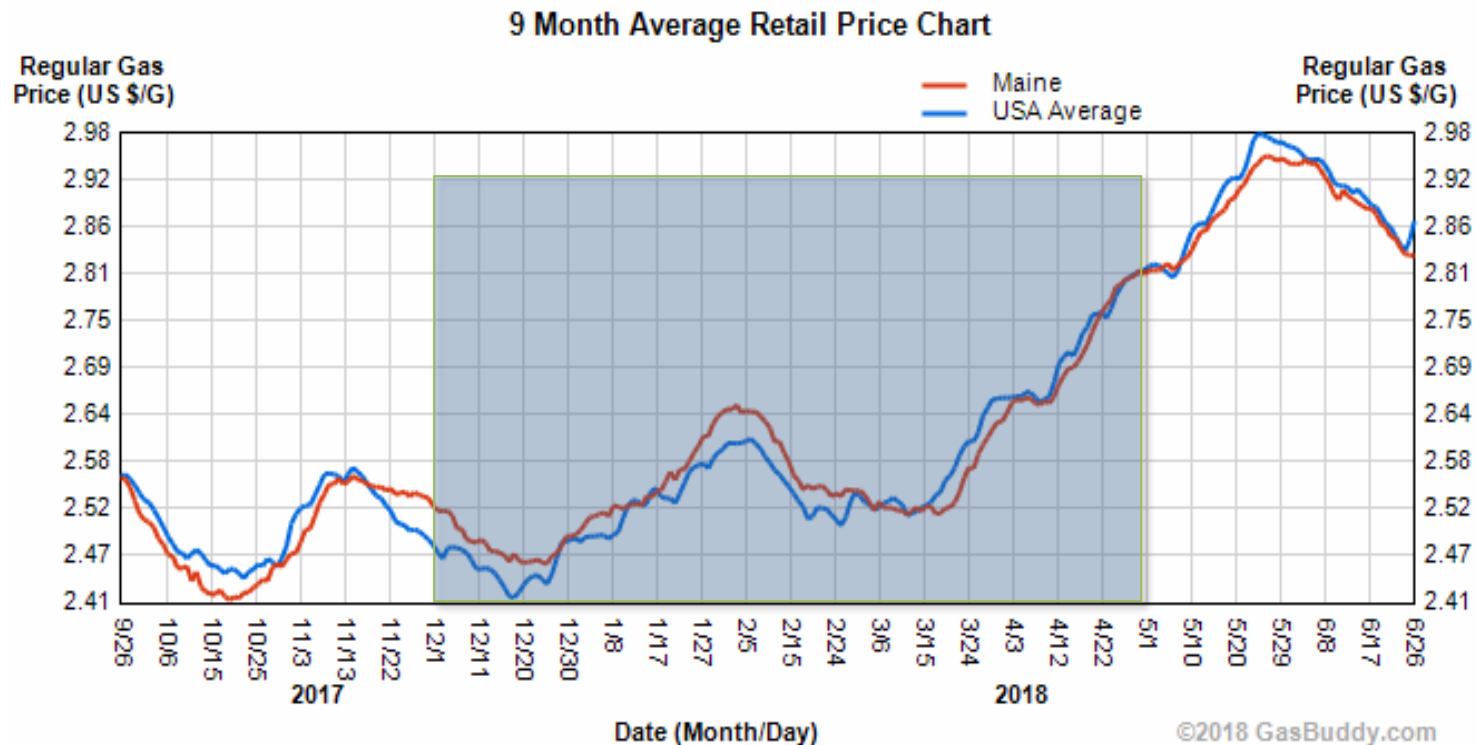

2018 Winter Season  
(Dec 2017 – Apr 2018)

Data source: National Oceanic and Atmospheric Administration, U.S. Department of Commerce

## At the beginning of the winter season, gas was more expensive in Maine than in the U.S. overall, but then dropped below the national average in March and April.

- Gas prices in Maine and nationwide rose steadily during the 2018 Winter season (with the exception of a brief decline in February), ending the season significantly higher than they'd started.

# Gas prices in Maine and nationwide were higher overall during this winter season (2018) than they had been last winter (2017).

### 24 Month Average Retail Price Chart

©2018 GasBuddy.com

# The Canadian exchange rate remained low this winter season.

- The exchange rate showed a modest increase over the 2016 and 2017 seasons.

# For the winter season, nationwide business travel declined for the second year in a row.

Proportion of U.S. Residents Taking a Trip During the Winter Season \*

\* In 2018, data collection was modified to only measure leisure travel and business travel, eliminating the separate category of VFR travel. Therefore, leisure travel proportions are not directly comparable to prior years' data, as they now include VFR travel.

Nat'l Omnibus Q1. During the past four weeks, how many times have you taken a trip on which you spent at least one night away from home for either business, visiting friends/relatives, or leisure?

▲ ▼ notes significant difference from the prior year at the 95% confidence level

# Maine's share of total overnight trips taken nationwide was comparable to 2017.

## Overnight Leisure Trips \*

## Overnight Business Trips

\* In 2018, data collection was modified to only measure leisure travel and business travel, eliminating the separate category of VFR travel. Therefore, leisure travel proportions are not directly comparable to prior years' data, as they now include VFR travel.

Nat'l Omnibus Q2. In which U.S. state, Canadian province, or other country was the primary destination of each of these trips? Share of total trips taken by U.S. residents.

▲ ▼ notes significant difference from the prior year at the 95% confidence level

# 2018 Winter Season Highlights

---

## Overnight visitation increased this winter season (2018), as compared to last winter (2017), while day visitation dropped slightly.

- Overall winter visitation (overnight and day) showed a modest increase (1.1%) over the prior winter season.

Visitation Estimates*	Winter 2017	Winter 2018	% Chg
<b>Total Estimated Visitation</b>	<b>6.4 million</b>	<b>6.5 million</b>	<b>+ 1.1%</b>
<i>Overnight Visitors</i>	<i>3.5 million</i>	<i>3.6 million</i>	<i>+ 3.6%</i>
<i>Day Visitors</i>	<i>2.9 million</i>	<i>2.9 million</i>	<i>- 1.9%</i>

\*For the purposes of visitation estimates, only visitors on tourism-related trips are included.

Tourism-related trips include:

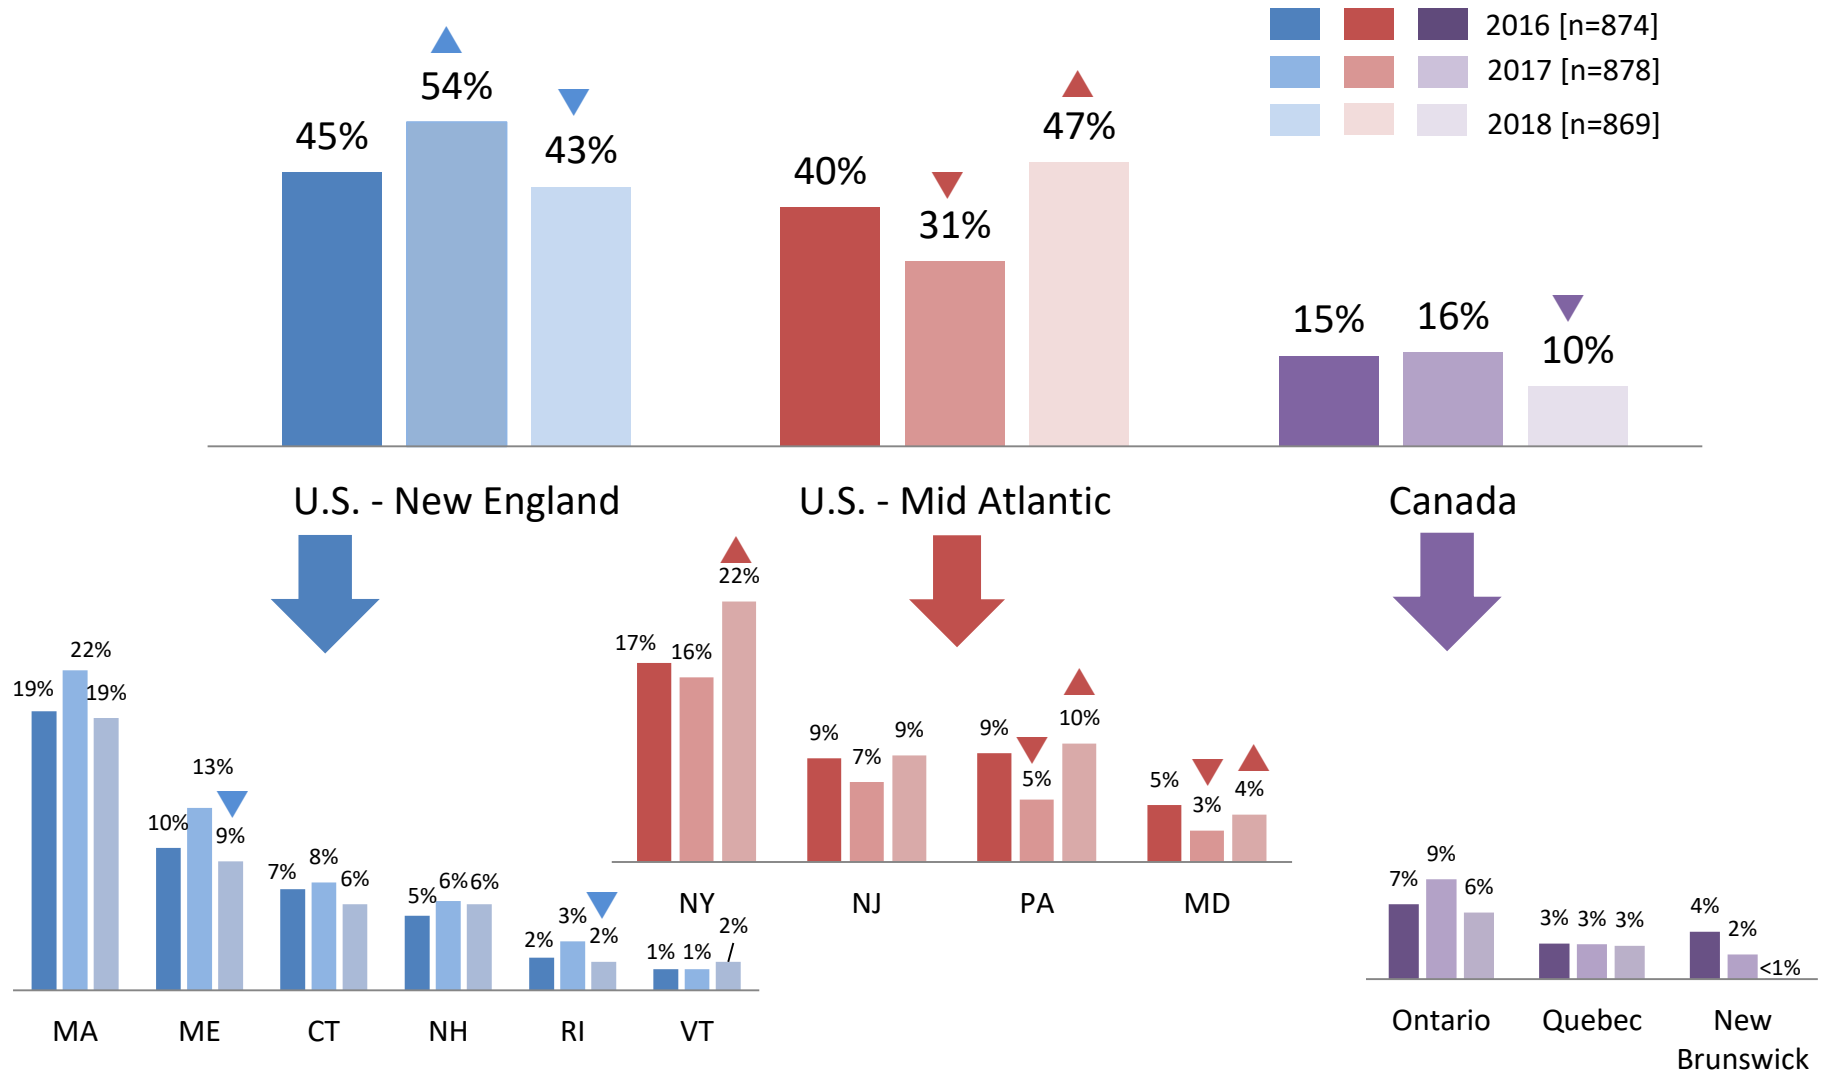

- All leisure trips EXCEPT those for a funeral, family reunion, or class reunion.
- Business trips that are for a convention/conference/trade show or training/professional development.

Note: Visitation estimates provided here are preliminary and reflect visitation from December 2017 through April 2018. Adjustments will be made to these estimates at the end of the year for the Annual Report, to account for seasonal fluctuations.

# Maine winter visitors are in their late 30s to mid-40s, on average, with day visitors trending older than overnight visitors.

# The proportion of overnight winter season visitors from Canada decreased from 2017, while there was a sharp increase in those traveling from the Mid-Atlantic states.

Q2. State/Province of Residence

▲ ▼ notes significant difference from the prior year at the 95% confidence level

# The largest proportions of winter season day visitors are in-state residents or those traveling from Massachusetts.

Q2. State/Province of Residence

▲▼ notes significant difference from the prior year at the 95% confidence level

# One-fourth of overnight visitors during the 2018 winter season were visiting Maine for the first time.

## First-Time Overnight Visitors (as compared to Repeat Visitors):

- More likely to be *from the Mid-Atlantic region*
- *Business travelers*
- *Younger (less than 35 yrs old)*
- More likely to be categorized as *Balanced Achievers*

Overnight Q11, Day Q10. Was this your first visit to Maine?

▲ ▼ notes significant difference from the prior year at the 95% confidence level

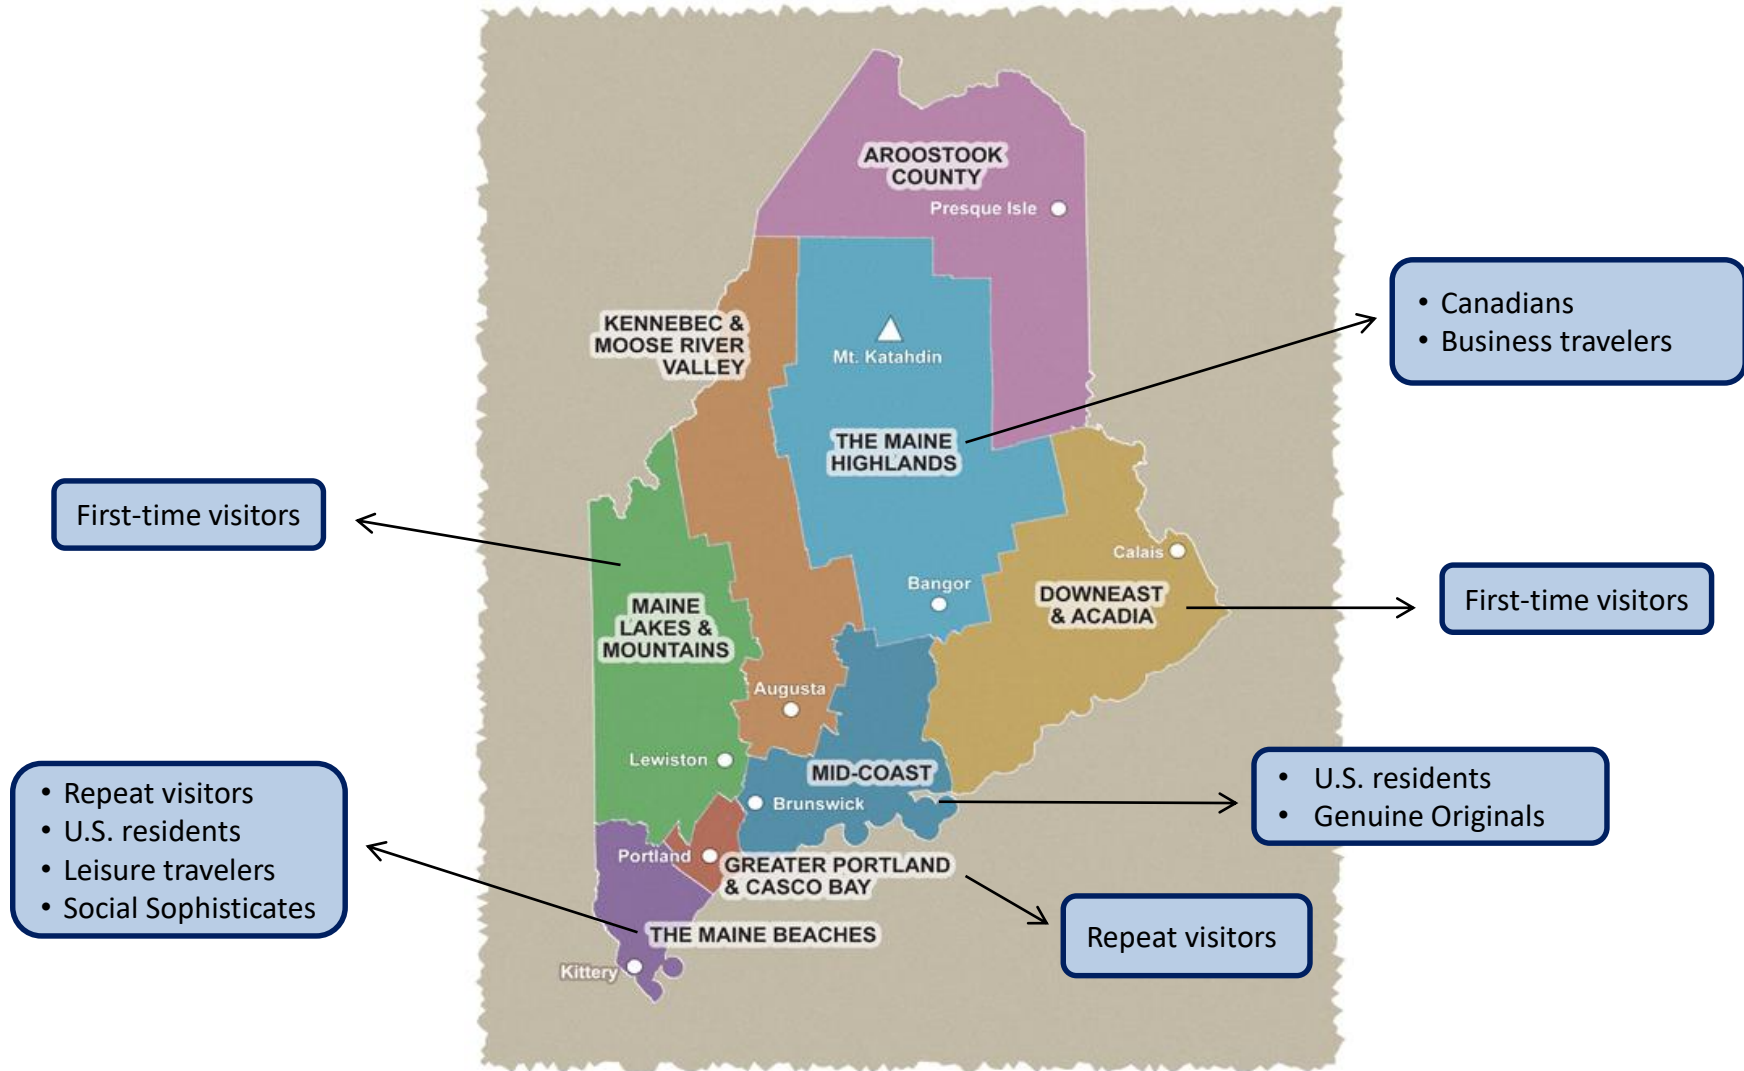

# All eight regions attract winter season visitors, with the largest shares traveling to the Maine Beaches and the Maine Highlands regions.

Overnight Q28. What region in Maine was your primary destination?

▲▼ notes significant difference from the prior year at the 95% confidence level

# Among Maine's overnight visitors, certain sub-groups have a stronger propensity to visit specific tourism regions.

Overnight Q28. What region in Maine was your primary destination?

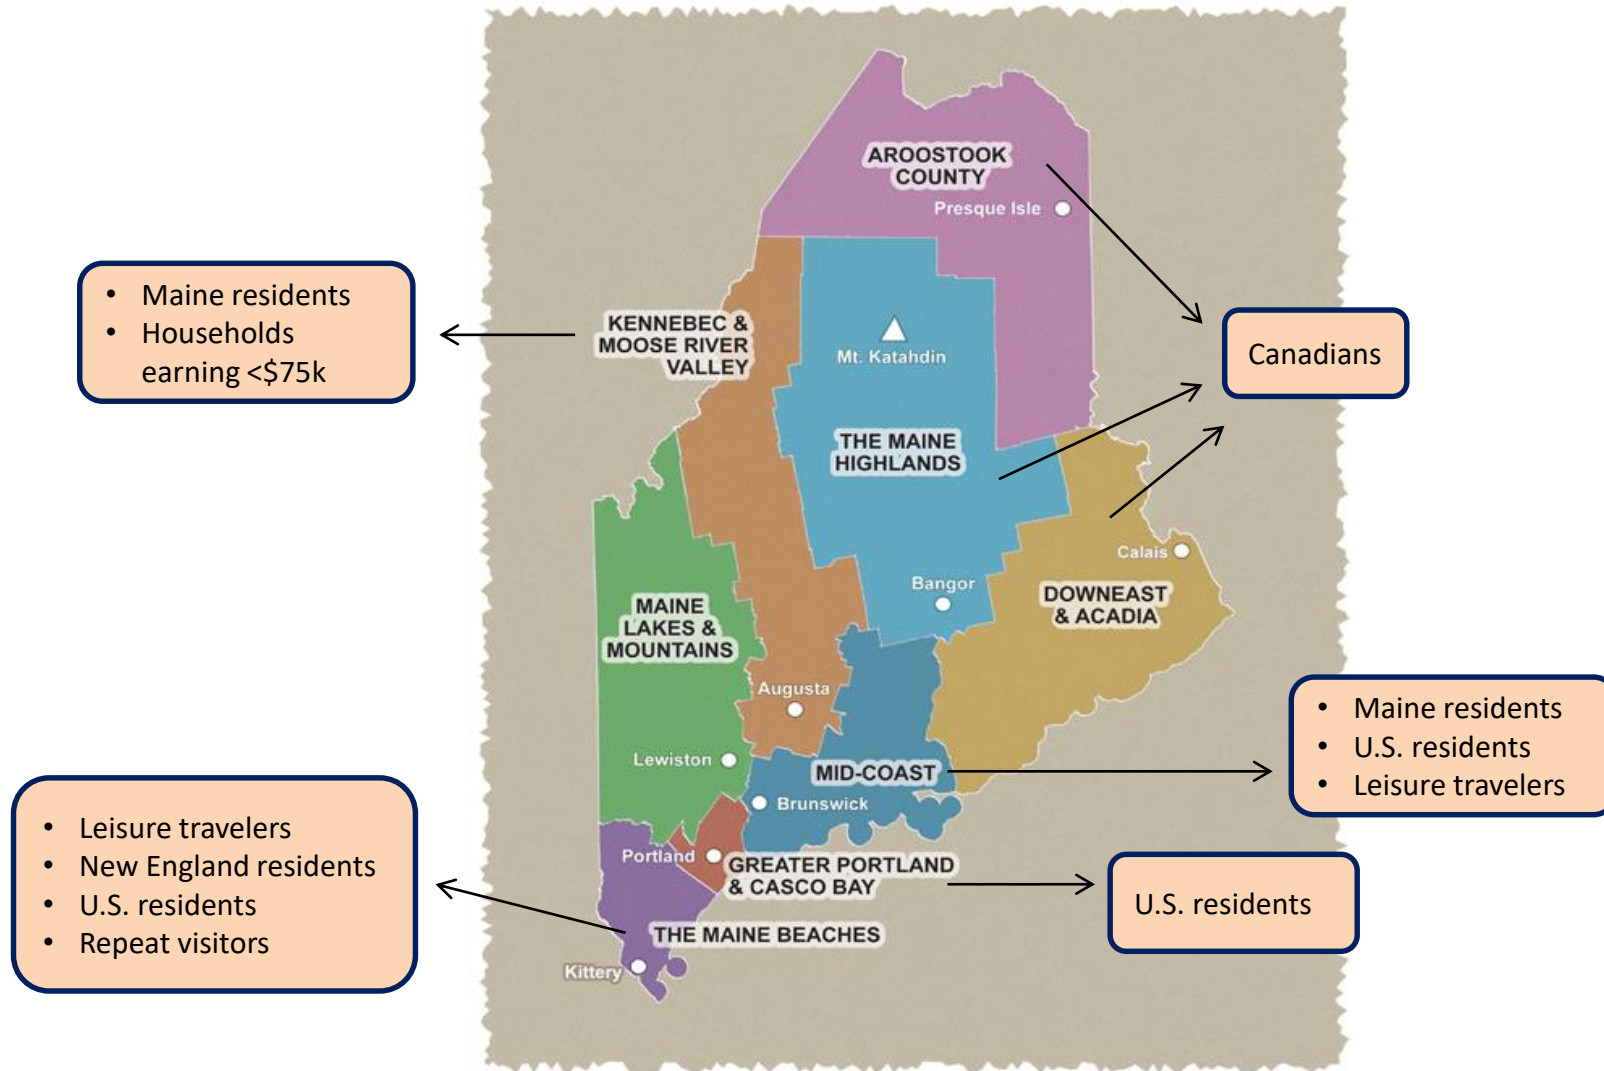

# The Maine Beaches region continues to be the most popular regional destination for day visitors during the winter season.

Day Q21. What region in Maine was your primary destination?

▲▼ notes significant difference from the prior year at the 95% confidence level

# Among Maine's day visitors, certain sub-groups have a stronger propensity to visit specific tourism regions.

Day Q21. What region in Maine was your primary destination?

# A majority of winter season overnight visitors are interested in exploring Maine's various *food/beverage/culinary* options or *shopping*.

## Travel Interest Areas of Maine Overnight Winter Visitors

# The sub-groups of overnight visitors that are more likely to express interest in specific areas are presented in the table below.

Interest Area	Sub-Groups of Overnight Visitors More Likely to be Interested
<b>Food, beverage, culinary</b>	Repeat visitors Social Sophisticates
<b>Shopping</b>	New England residents (outside Maine) Traveling with children
<b>Touring or sightseeing</b>	Non-residents Paid accommodations
<b>Active outdoor activities (non-water)</b>	U.S. residents Leisure travelers
<b>History or culture</b>	Mid-Atlantic and Canadian visitors First-time visitors Paid accommodations
<b>Family fun or children's activities</b>	Traveling with children Leisure travelers Unpaid accommodations U.S. residents
<b>Water activities</b>	Traveling with children First-time visitors U.S. residents

# Winter day visitors were also most interested in *shopping* and *food/beverage/culinary* activities.

## Travel Interest Areas of Maine Winter Day Visitors

NET OUTDOOR: Active Outdoor Activities & Water Activities		
2016	2017	2018
40%	40%	38%

Day Q18: Which of the following interest areas did you want to pursue during this trip to Maine?

▲▼ notes significant difference from the prior year at the 95% confidence level

# The sub-groups of day visitors that are more likely to express interest in specific areas are presented in the table below.

Interest Area	Sub-Groups of Day Visitors More Likely to be Interested
<b>Food, beverage, culinary</b>	New England residents Social Sophisticates
<b>Shopping</b>	Canadians
<b>Touring or sightseeing</b>	New England residents
<b>Active outdoor activities (non-water)</b>	U.S. residents First-time visitors
<b>History or culture</b>	<i>No sub-group differences noted</i>
<b>Family fun or children's activities</b>	U.S. residents Traveling with children
<b>Water activities</b>	Traveling with children New England residents

# Seven in ten overnight winter season visitors stayed in paid accommodations, a greater proportion than the prior winter season (64%).

- Maine overnight visitors stay 3 or 4 nights on average. Length of stay is longer among visitors from outside New England (4.5 nights), first-time visitors (4.4 nights), business travelers (4.2 nights), and those traveling with children (4.1 nights).

Type of Accommodation

\*Reported figures represent the average amount of money spent per travel party, excluding parties who did NOT spend money in that expenditure category.

Day Q27. Please tell us the total amount of money you and your immediate travel party spent on this trip in Maine in each of the categories listed below.

▲ ▼ notes significant difference from the prior year at the 95% confidence level

# Trip Evaluation

---

# Maine overnight visitors' expectations were exceeded more than half of the time, with the *overall experience* being the top rated item.

## Trip Experience Exceeded Expectations Winter Overnight Visitors (n=869)

Overnight Q41: Using the scale provided in the table below, please indicate whether this most recent trip to Maine exceeded, matched, or fell below your expectations for each of the listed items.

# Day visitors were most impressed by the *overall experience* of their visit to Maine, as well as the *friendliness of people*.

## Trip Experience Exceeded Expectations Winter Day Visitors (n=464)

Day Q28: Using the scale provided in the table below, please indicate whether this most recent trip to Maine exceeded, matched, or fell below your expectations for each of the listed items.

# Future Travel

---

# One in four overnight visitors already has specific plans to visit Maine again within the next two years.

## Likelihood of Trip to Maine in Next Two Years

Repeat visitors and U.S. residents are more likely to indicate they already have plans or definitely will travel to Maine.

Overnight Q44. How likely will you be to travel in Maine in the next two years?

▲▼ notes significant difference from the prior year at the 95% confidence level

# Half of winter season day visitors report they have specific plans to return to Maine in the next two years. This is up from 2017.

Day Q31. How likely will you be to travel in Maine in the next two years?

▲▼ notes significant difference from the prior year at the 95% confidence level

Among day visitors who are likely to visit Maine again in the next two years, four in five say they *definitely* or *probably* will stay overnight when they visit again.

Day Q32. Assuming you travel in Maine again in the next two years, how likely are you to stay overnight in Maine on one or more of these trips?

▲▼ notes significant difference from the prior year at the 95% confidence level

# Nine in ten overnight visitors indicate they will recommend Maine as a vacation destination.

Overnight Q45: How likely are you to recommend Maine as a vacation destination to friends or relatives?

▲ ▼ notes significant difference from the prior year at the 95% confidence level

# Day visitors also continue to be pleased with their Maine vacation, with 94% stating they are likely to recommend Maine as a vacation destination.

Day Q33: How likely are you to recommend Maine as a vacation destination to friends or relatives?

▲▼ notes significant difference from the prior year at the 95% confidence level

# Appendix – Visitor Segment Analysis

---

# Visitor Segment Analysis: Background

- In 2014, DPA conducted a market segmentation study in collaboration with BVK, which allowed for the development of a predictive model to segment and prioritize Maine's visitors. The culmination of this research effort was the creation of a Segment Typing Tool – a model with a short list of questions that can be used to predict segment membership in subsequent research studies, including the ongoing Visitor Profile Research.
- DPA added the questions required for the Segment Typing Tool to the Visitor Profile questionnaire and began collecting this supplemental data in January 2015. We use this classification scheme to compare the perceptions, travel behaviors, and future travel intentions of visitors among the agency targeted segments.

# Visitor Segment Analysis: Background

- Three consumer segments were defined as high-priority segments for the Office of Tourism as a result of the market segmentation research:
  - **Balanced Achievers**
  - **Genuine Originals**
  - **Social Sophisticates**
- This Appendix provides a topline profile and comparison of these priority segments as they relate to Maine's 2018 winter season visitors.
- ***Important Note:*** *Sample sizes are extremely low in this seasonal analysis for the Social Sophisticates segment of both the Overnight and Day Visitors. Please use caution in interpreting the findings for this segment. At the completion of the 2018 research, an in-depth segmentation analysis will be completed for the entire year, at which time sample sizes will be sufficient to draw conclusions for all visitor segments.*

# Visitor Segment Analysis: Key Findings

## Balanced Achievers:

- Most likely from Mid-Atlantic (overnight)
- Least likely from New England (overnight)
- Most likely to be first-time visitors

## Genuine Originals:

- Among the oldest
- Most likely from New England (overnight visitors)
- Most likely to visit the Mid-Coast region

## Social Sophisticates:

- Smallest % of visitors
- Most likely to show interest in *food/beverage/culinary activities*
- Most likely to be from Massachusetts (overnight)
- Most likely to visit the Beaches region (overnight)

# Almost three-fourths of winter overnight visitors in 2018 could be categorized as either *Balanced Achievers* or *Genuine Originals*.

- *Social Sophisticates* make up a significantly smaller proportion of visitors to Maine during the Winter season.

## Winter Visitor Segments

	Overnight Visitors		Day Visitors	
	2017 (n=878)	2018 (n=869)	2017 (n=473)	2018 (n=464)
<b>Balanced Achievers</b>	39%	44% ▲	28%	32%
<b>Genuine Originals</b>	29%	28%	35%	34%
<b>Social Sophisticates</b>	6%	6%	7%	5%

# Overnight visitors categorized as *Genuine Originals* trend older than *Balanced Achievers*.

2018 Winter Season  
(Dec 2017 – Apr 2018)

## Age of Winter Overnight Visitors by Visitor Segment

Q1. How old are you?

\*Please note small sample size. Use caution when interpreting results.

a/b/c, etc. indicate a significant difference between subgroups at the 95% confidence level.

# Among day visitors, *Genuine Originals* trend older than both *Balanced Achievers* and *Social Sophisticates*.

2018 Winter Season  
(Dec 2017 – Apr 2018)

## Age of Winter Day Visitors by Visitor Segment

Q1. How old are you?

\*Please note extremely small sample size. Use caution when interpreting results.

a/b/c, etc. indicate a significant difference between subgroups at the 95% confidence level.

Overnight visitors categorized as *Balanced Achievers* are more likely to be from the Mid-Atlantic (particularly New York) than those categorized as *Genuine Originals*.
