## 2015 Regional Tourism Impact Estimates

**Visitors to the Maine Woods spent more than \$2 billion in 2015.**

The \$2 billion spent by visitors in the Maine Woods supported...

*Economic Impact* begins when a visitor spends money in an area. The benefits to the local economy go beyond the basic impact of these dollars spent – these dollars create a chain effect. The effects of these expenditures are evident as the direct recipients of these expenditures in turn pay wages, earn income, and pay taxes. Further, these direct recipients spend *their* income and thereby create more impact.

**34,704 jobs**

**\$ 671,638,705 in total earnings**

**\$ 169,467,115 in total taxes**

- For the purposes of visitation and visitor expenditure estimates, only visitors on tourism related trips are included. Tourism related trips include: All leisure trips, VFR trips that are a general visit to see friends or relatives, a wedding, or a holiday visit, and business trips that are for a convention/conference/trade show or training/professional development.
- For the purposes of expenditure estimates, visitors are defined as all overnight visitors and all out of state day visitors on tourism related trips.
- Economic Impact is estimated using DPA visitor expenditure estimates, and the RIMS II Economic Impact model.
